INTERNSHIP FREQUENTLY ASKED QUESTIONS

- ***Is this a paid internship?*** This is a volunteer internship program. No wages will be provided.
- ***Can I work at an outside part-time job?*** Yes. Interns can work at a part-time job if the hours can be scheduled around the internship responsibilities. Internship responsibilities take precedence over outside work schedules. We do not provide the part-time job at the church.
- ***Can I attend college classes during the internship?*** Interns can attend classes as long as the classes do not interfere with the required internship hours.
- ***Is housing provided?*** If you are out of town and need housing we will assist you in finding housing, but we cannot guarantee housing.
- ***Does this internship lead to employment at Fellowship?*** This is not the case for most of our interns, but there may be exceptions. Our goal is to train and equip you and release you for whatever God is leading you to do next.
- ***I don't live in Cleveland...can I still be considered for an internship?*** Absolutely! We love interns from across Cleveland as well as other states; AND we equally love interns from across the world. We have had interns from Europe and Africa and truly love cultivating global community here at Fellowship.
- ***Does filling out an application guarantee me an internship?*** No. We are limited in the number of interns we can take.
